Ideas for Snow Days

**Numeracy and Maths**
- RM Easimaths
- Topmarks Games [https://www.topmarks.co.uk/maths-games](https://www.topmarks.co.uk/maths-games)
- Make a snowman/ igloo about 1 metre long, shorter than a metre, taller than a metre.
- Make snow angels and compare the sizes.
- Make a symmetrical pattern using paints or art materials.
- Sort your toys/items using different criteria, e.g. toys with stripe v.s. toys without stripes, red toys v.s. non red toys. Do any of these categories overlap? Can you make a Venn Diagram using them? Make as many different Venn Diagrams as you can.

**Literacy**
- Play "Eye Spy" and "I went to the shops today and bought...(using alphabetical order)"
- Read a story to a family member.
- Draw a picture of a character from the story and use adjectives to describe what they look like.
- How many nouns, verbs, adjectives and adverbs can you find in your reading book?
- Choose a new story and predict what you think it will happen in it. Use the title, front cover and blurb to help with this.
- Write down some questions you want answered before you read the story, return to these in the middle/ end of the book. Did you find out the answer?
- Write a short summary of the story.
- Watch CBBC Newsround and create a 1 - 2 minute talk on a piece of current news that has had an impact on them or they found interesting.
- Find ambitious vocabulary in texts around the house to be discussed in class when we return.

**Other Curricular Areas**
- Make a snow volcano. Experiment instructions can be found on [http://www.science-sparks.com/2013/01/21/snow-volcano/](http://www.science-sparks.com/2013/01/21/snow-volcano/)
- Play a board game
- Make soup to keep warm
- Bake a cake, help with the measuring ingredients.
- Write a recipe for a good friend, what would they need to have? What do you look for in a friend? Can you use adjectives?
- Research your topic on the internet. Find out as much information as you can. Write a report on it?
